

GOOD IS SMARTER WAREHOUSING

GREAT IS WHAT YOU DO FROM HERE

MAKING
SPACE
FOR
GREATNESS

Oakdale East Industrial Estate
Horsley Park, NSW

We don't believe in good. Or good enough.

We don't believe in the short-term or taking short-cuts.

We don't believe in putting business before people.

Or anything before quality. We believe in great.

Although we don't believe we're quite there yet.

We believe in the importance of location and sustained growth and doing it right the first time. We believe in

having integrity, always. We believe that knowledge is everything and perfection is in the details. That it is the

little things that add up to make the biggest difference.

That's why there's a plus in our logo.

It's a reminder to keep going above and beyond for

our customers, our partners and our staff. To be the

best, we believe, relies on every single one of us

working together.

To this end, we believe we can be better than good.

We believe we can be great.

Outstanding opportunity

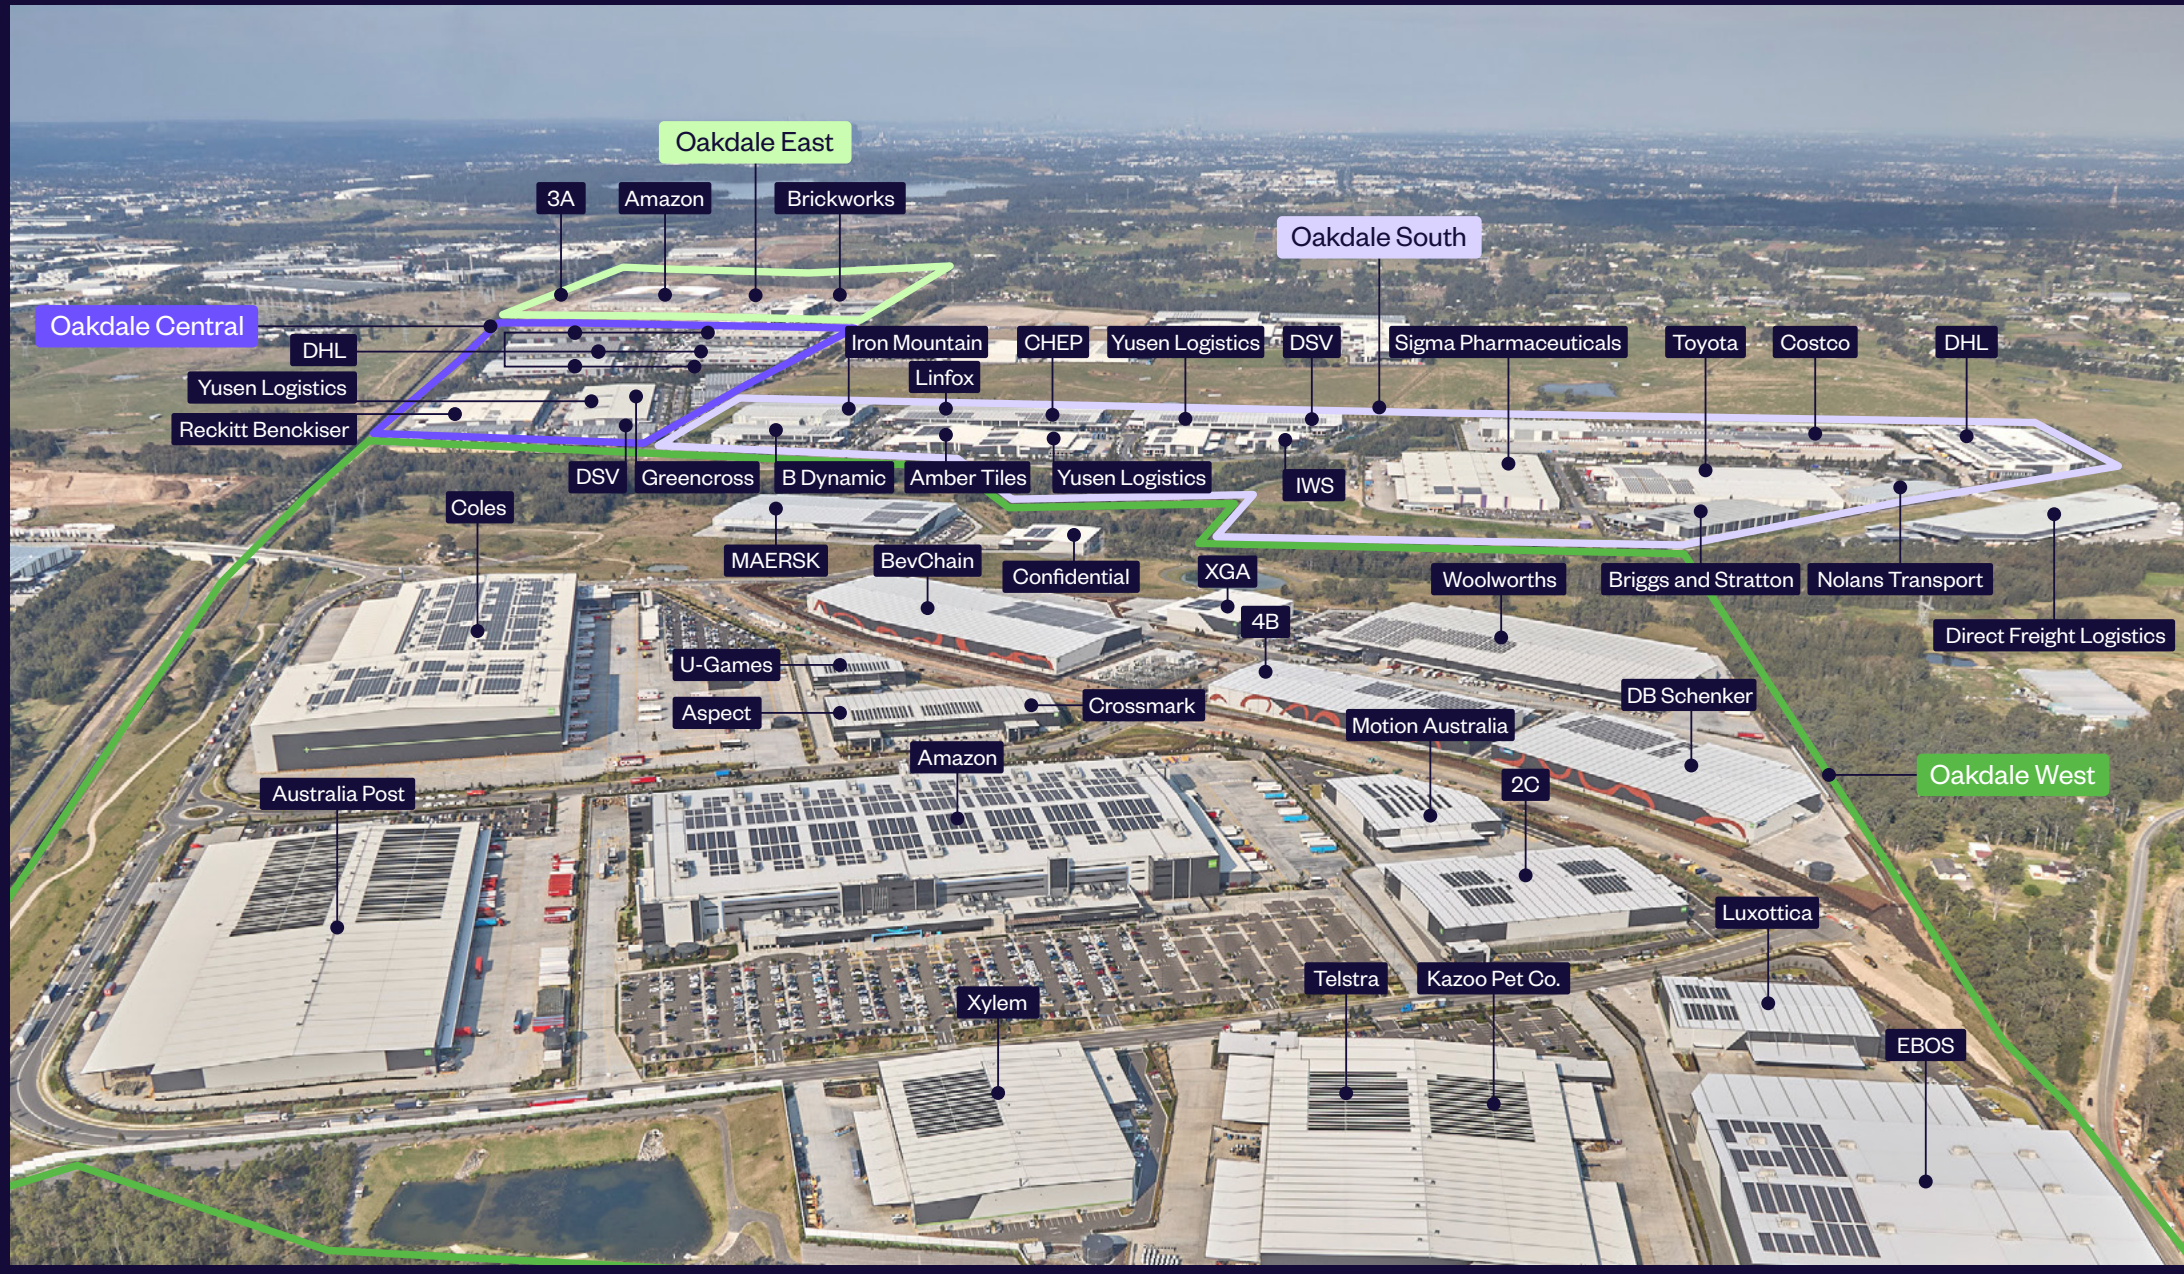

Location and consumer access unite at Oakdale East.

Situated in Sydney's logistics hub of Horsley Park, the estate benefits from seamless connectivity to key infrastructure and consumers, allowing customers to achieve faster speed to market and the opportunity to reduce transport costs and related carbon emissions.

This reimagined space features best-in-class sustainability practices with innovative design, offering superior logistics space that maximises efficiency while minimising your impact on the environment.

Oakdale East Industrial Estate spans 62 hectares and will provide over 300,000 sqm of building area.

CONNECTION TO COUNTRY

Oakdale East encourages a cooperative and energetic work environment with access to unique amenity and a deep connection with the landscape.

Offering an attractive, efficient and inviting workplace that connects with country from the open planning through to the careful consideration of materials and finishes.

The design vision has developed an architecture that values the flexibility and connection of spaces, where the built environment integrates with the landscape and fosters places of gathering, meeting and collaboration.

Oakdale East exemplifies the principle of adaptive reuse by transforming old quarry land into a logistics hub. Through Goodman's commitment to reimagining space, we aim to minimise our carbon footprint by creating a space that prioritises environmentally sustainable design.
