2.4 Description of Project

The warehouse 4E development and associated infrastructure forms the extent of 35,560 m². Subdivide part Lot 111 of DP 1262310 into two separate lots (117 and 118). Building 4E is located wholly on Lot 117 of DP 1262310.

The Concept Plan for the OWE was approved by a delegate of the Minister for Planning and Public Spaces on 13 September 2019 (SSD-7348). Construction commenced in late 2019 including bulk earthworks across the whole estate and construction of the key access road Compass Drive. The Concept Plan for the OWE (SSD-7348) has been modified several times to include changes to development stages, warehouse layouts and sizes. Construction activities as part of the OWE (SSD-7348) are all but complete, with the conversion of Estate Sediment Basins into Bioretention Basins all that remains. Surveillance and compliance management as part of this development are continuing including regular site inspections by the Environmental Representative approved by the Planning Secretary.

Stage 5 of the OWE includes fit-out and operation of one warehouse that is used for the storage and distribution of liquor. Stage 5 of the OWE was approved under a standalone consent (SSD-22191322). SSD 7348 (MOD7) was modified to capture the amendment to the Concept Masterplan in respect of warehouse 4E.

Oakdale West Industrial Estate – Stage 5 (SSD-22191322): Operation Compliance Report

An Operational Environmental Management Plan (OEMP) has been prepared to specifically address the activities associated with the operation of Building 4E (warehouse 4E) in Precinct 4 under SSD 22191322 and SSD 7348 (MOD7) applicable to the operation of warehouse 4E. It is noted that Building 4E has one tenancy, with a warehouse, workshop and an office (see Figure 5 below).
