3 Compliance Status Summary

The compliance table provided as **Appendix B** demonstrates the compliance with conditions of consent for SSD 7348.

The terminology within **Table 4** has been used to describe compliance status within the Compliance Report Provided at Appendix B. Only these terms are used to describe the compliance status.

Table 4 : Compliance Status Descriptors

Compliant	The proponent has collected sufficient verifiable evidence to demonstrate that all elements of the requirement have been complied with.
Non-Compliant	The proponent has identified a non-compliance with one or more elements of the requirement.
Not triggered	A requirement has an activation or timing trigger that has not been met at the phase of the development when the compliance assessment is undertaken; therefore an assessment of compliance is not relevant.

3.1 Non Compliances

There have been no non-compliances identified during this period.

3.2 Recommended Actions
