- 6. Insert Condition E78A as follows:
  - E78A. Prior to operation of Warehouse 1D-1, confirmation from Fire and Rescue NSW (FRNSW) that the revised Fire Safety Study, as modified for MOD 12, meets their requirements is to be submitted to the Department. The identified performance solutions are required to be addressed and approved through consultation with FRNSW and the submission of a fire engineering brief questionnaire (FEBQ).
- 7. Insert Condition E79 as follows:
  - E79. Prior to operation in Warehouse 1D-1, a comprehensive Emergency Response Plan (ERP) is to be developed for the site, prepared in consultation with Fire and Rescue NSW, that:
    - specifically addresses foreseeable on-site and off-site fire events and other emergency incidents (such as fires involving dangerous goods and battery energy storage systems) or potential hazmat incidents

<sup>\*</sup> Minor quantities of Class 4, 8 and 9 (<100 L) are not listed in the table.

- details the appropriate risk control measures that would need to be implemented to safely
  mitigate potential risks to the health and safety of firefighters and other first responders. Such
  measures will include the level of personal protective clothing required to be worn, the minimum
  level of respiratory protection required, decontamination procedures to be instigated and
  minimum evacuation zone distances
- includes other risk control measures that may need to be implemented in a fire emergency (due to any unique hazards specific to the site).

Two copies of the ERP are be stored in a prominent 'Emergency Information Cabinet' located in a position directly adjacent to the site's main entry point/s.

- 8. Insert Condition E80 as follows:
  - E80. Prior to operation of Warehouse 1D-1, the operator of the facility is to contact the relevant local emergency management committee (LEMC), established by Section 28 of the State Emergency and Rescue Management Act 1989. The contact details of members of the LEMC can be obtained from the relevant local council.

An emergency services information package (ESIP) is to be developed for the site and access to this document be provided to emergency service organisations, in accordance with the Fire and Rescue NSW 'Fire Safety Guideline – Emergency services information package and tactical fire plans.'
